

# Welcome to A Splash of Colour

with **Pelly Concert Orchestra**

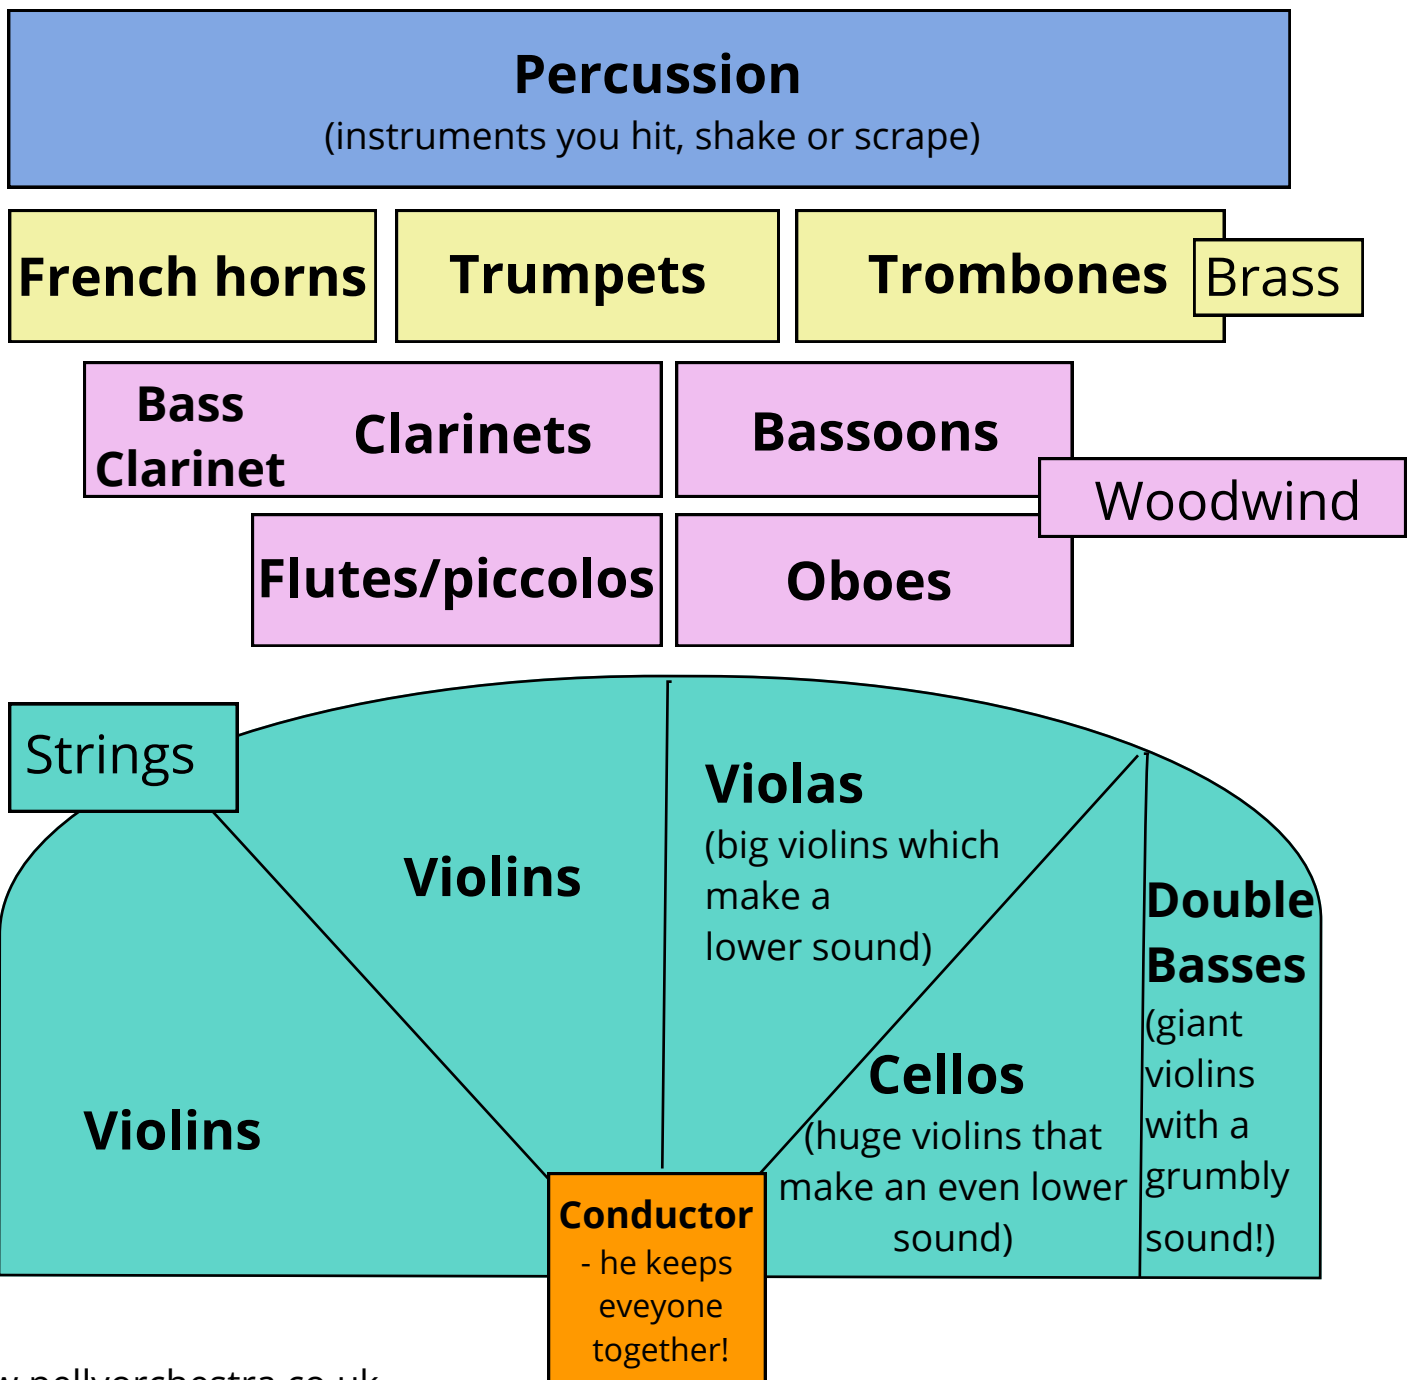

**Conductor** Tom Horn **Leader** Vanessa Russell

There are lots of different parts to music including melody, rhythm, dynamics (loud/quiet), timbre (type of sounds) and texture (how sounds fit together) - all coming together to make tunes you know, and some you may not.

Can you find all the instruments in the orchestra? Do you have a favourite? Listen out for all the different sounds. Which has the highest pitch? Which have the lowest pitch?

If you enjoy today's concert, you can see us again soon:
